

Three arrested after

School vandalized

By BILL MILLIGAN
Staff writer

GRANITE CITY — Damages are still being assessed after three juveniles broke into Niedringhaus Grade School the morning of Dec. 31 and caused extensive vandalism. Estimates of the damage range from \$5,000 to \$15,000 at the school. The three boys broke 97 windows and spray-painted a computer, copy machine and typewriter, as well as food service equipment in the cafeteria.

"We wouldn't have been able to have school today (Thursday) if it wasn't for the teachers, students and parents who came in to help us clean up," said Harry Briggs Jr., principal.

MORE THAN 30 parents and students volunteered to help teachers and school administrators with the cleanup.

Two of the boys were staying overnight at a friend's house. They decided to sneak out of the home at 2 a.m.

Police apprehended a 13-year-old and two 10-year-olds as they left the school. The younger children are currently students at the school. The oldest is a former student at Niedringhaus. All three are to be

charged with burglary.

Authorities learned the boys first went to Wilson Park, where they threw rocks. Shortly afterward, they decided to go to the school and throw rocks.

The three then decided to enter the school building through some broken windows. Once inside, they broke open a gymnasium locker and used aluminum baseball bats and spray paint they found inside it to do most of the damage.

POLICE ON PATROL noticed lights on at the school at 5:17 a.m. Officers observed the three youngsters inside, still breaking windows.

Additional police were called to the scene and covered the exits while officers entered the building to confront the three.

Inside the school, police noticed broken glass strewn about and residue from the discharge of fire extinguishers.

THE JUVENILES were arrested as they fled from the building. They were released to their parents.

Police are seeking burglary petitions against the three in juvenile court.

Caseyville gets bonds from city

By SUSAN SIGNAIGO-WEICH

GRANITE CITY — Industrial bonds totaling \$1.5 million were reallocated to Caseyville by the city last week.

Aldermen approved the changeover of the bonds shortly after approving \$3.5 million for the construction of a new wastewater treatment plant just outside the city limits.

IN EXPLAINING THE reallocation, City Attorney Mark Goldenberg told aldermen \$1.5 million of the city's bond capacity had not been committed for 1985. Since the city would lose this allocation at the end of 1985, Goldenberg suggested the money be allocated to Caseyville for a motel project.

The attorney said the city received the request for the reallocation several months ago. He did not suggest the bond changeover until it was evident the city would not use

There are more holidays than you know about in January

By SUSAN SIGNAIGO-WEICH
Staff writer

If you're depressed because the next holiday you'll be celebrating is Valentine's Day in February, think again.

A closer check into January's schedule proves the month isn't all downhill after New Year's Day.

For example, January is National Soup Month and National Hobby Month.

SPECIAL WEEKS include National Bowling Week (Jan. 6-13) and National Meat Week (Jan. 27 to Feb. 2).

Special days are even more unusual, with the month offering Na-

tional Printing Ink Day (Jan. 10), Banana Boat Day (Jan. 11), Hat Day (Jan. 20), National Handwriting Day (Jan. 23) and National Pie Day (Jan. 29).

For the sports buff, this month not only offers bowl games and Super Bowl XX, but the National Sporting Goods Associated Convention Show

from Jan. 31 to Feb. 3.

IF YOU'RE STILL not impressed, January is the month in which eight American leaders were born — Richard M. Nixon (Jan. 9), Alexander Hamilton (Jan. 11), Martin Luther King Jr. (Jan. 15), Benjamin Franklin (Jan. 17), Robert E. Lee (Jan. 19), Stonewall Jackson (Jan.

21), William McKinley (Jan. 29) and Franklin D. Roosevelt (Jan. 30).

Also this month are the anniversaries of three historical events and one discovery. Alaska became the 49th state on Jan. 3. On Jan. 7, 1789, the first national election was held. The anniversary of the California Gold Discovery is Jan. 24. Thomas

Edison invented the lightbulb on Jan. 27, 1880.

So you see, even the most pessimistic person can find something to celebrate this month.

The occasions may not be as big as Christmas or New Year's Day, but the rest of January does offer hope for the holiday enthusiast.

Yes, Granite City, there is a Santa Claus

By PATRICK FOLEY
Staff writer

A wish came true for one young Granite City man this holiday season and it was as much of a surprise for him as it was for his family.

Tim Graham, 16, was granted his wish by the Friends for Scouting organization. He wanted to be able to provide his family with a special Christmas, one they would never forget, but his personal economic state wouldn't allow it.

The oldest of six children ranging in age from 2 to 18 years, Tim has

Sunday focus

been helping his family as best he can by working odd jobs during the summer and after school for the rest of the year. Tim uses all of his earnings to help his family.

Tim has made several important decisions concerning his life, hoping to help his family even more, but things haven't worked out quite the way he had planned.

Two years ago, Tim, then 14, decided he was "too big" to live at home, so he moved out. His parents didn't mind, though, because he had decided to live with his grandparents.

"There was not much my parents could say," Tim said. "It's not like I was moving out of the state or something."

This year he decided to leave high school before graduating, but this is one decision that he admits didn't work out like he thought it would.

"At the time, I thought I needed money more than I did an education, but now it's backfiring," Tim said. "In order to get a job you need an education. It's foolish to quit school, but at the time it seemed like the right thing to do."

He now plans to get his G.E.D. certificate as soon as possible and could even pursue a law enforcement career.

Tim is the senior squad leader for Explorer Post 10-1 in Madison. Several of its alumni have gone on to law enforcement jobs and he hasn't ruled out that possibility for himself.

His father works as a maintenance worker at the GM assembly plant in Wentzville, Mo., a 65-mile one-way trip. The family stretches their income, but little is left for the holidays.

That's where Tim's wish and the Friends for Scouting entered the pic-

ture. After hearing about Tim from one of the organization's members, the club decided to do what it could for Tim and his family for Christmas. It was just the kind of project the club was looking to do this holiday season.

Much preparation was done and finally the day came when Tim was taken out by several of the club's members to shop for his family — coats, shoes, clothes, whatever he

thought the family really needed. His grandmother accompanied him to help with sizes and selections, especially for Tim's sisters.

Club members picked out several things for Tim, because he didn't even think of himself while on his shopping spree.

The Friends for Scouting also provided the family's Christmas dinner, complete with all the trimmings.

What did his family think when

Santa Claus came to their door loaded down with gifts for all?

"They were surprised, really surprised," Tim said.

Tim has a hard time putting into words how much he really appreciates the efforts of the club to make this an unforgettable Christmas for his family.

He summed it up this way, "It doesn't matter what you get, it's the thought that counts."

Auxiliary police to help work streets on holidays

By DONNA KIMBRO
Staff writer

MADISON — A holiday season program of using auxiliary police officers with regular Madison Police Department officers to patrol streets was heartily approved by Madison businessmen last week.

Throughout the Christmas season, auxiliary officers toured the city and made a point of walking through business places in an effort to thwart any robbery attempts or shoplifting.

"THESE VOLUNTEER officers are willing to continue working with the police department when needed. I want to say I am proud of the 13 auxiliary officers," the mayor said.

Bellecoff said all alarms in businesses are being checked for corrections and repairs. Permission was granted by the City Council to send two men from the street department to Belleville Jan. 14 to take a day of training in proper use of anti-mosquito spraying machines. Men who use this equipment must be licensed; at present, Robbie Robbins, street superintendent, is the only one in the department with a license, Bellecoff said.

THE MAYOR REMINDED council members that a canine carmaned by Patrolman Steve Skokko is now

in operation. Skokko and the police dog have undergone rigorous training, Bellecoff said.

A report from Chief of Police William Papa listed a 148 adult arrests in November. Of that figure, there were 117 state traffic violations.

The city received \$3,903 from the office of Willard Portell, clerk of the circuit court, in fines collected during November.

"IT'S GOOD TO BE back," Bellecoff said at the end of the meeting. He underwent hip surgery during the fall.

"I've missed council meetings from the end of October until this session. I'll tell you I've never felt better in a long time, and in a month I hope to get rid of the crutches and get back to running around."

"I want to thank Robbie (street superintendent) and the street department for what they have done. The people here know how good they are and how good the equipment looks now since the vehicles have been repaired and repainted," Bellecoff said.

"I hope in 1986 the council and department heads work together for a better city of Madison and for a healthy, happy and prosperous new year."

DUI arrests decline

By SUSAN SIGNAIGO-WEICH
Staff writer

GRANITE CITY — A marked drop in the number of alcohol-related arrests this holiday season has been attributed to the publicity surrounding drinking and driving.

Illinois State Police Sgt. David Jung said cooperation from area newspapers and television stations helped make the public aware of the problem, and of what police are doing about it.

"UNTIL RECENTLY, no one knew how severe the drinking and driving problem is," Jung said. "Someone is killed by a drunk driver every 20 minutes in the United States. Most don't know it is the third leading cause of death."

Publicity on the severity of the problem, combined with information about the roadblocks, caused a new sense of awareness, Jung said.

"If you frequent any bars, you

know the roadblocks were a topic that was discussed," he said. "A lot of people were practicing the 'designated driver' program, or had parties at home."

BECAUSE OF the success of the roadblocks, Jung said, they will continue.

"I'm not sure how often we will conduct them, but it will be as often as manpower permits," he said.

Throughout Madison County, there were only eight arrests for driving under the influence of alcohol (DUI) on New Year's Eve. Six of the arrests were made by Illinois state troopers, with the other two arrests made by Granite City police.

ALSO IN GRANITE CITY, there were one injury accident and four alcohol-related arrests. There were no fatal accidents in the Metro East Area.

Hagnauer unopposed

GRANITE CITY — Madison County Board Chairman Nellie Hagnauer will face no opposition in his effort to retain the District 20 seat on the Madison County Board.

Gregory Anderson, 2712 Maryville Road, has withdrawn his petition of candidacy in the March Democratic primary. Anderson could not be reached for comment.

SINCE NO Republicans have filed to run for the seat, Hagnauer is assured of returning to the county board in November, unless the Republican party chooses a nominee.

A strong vote-getter, Hagnauer has served on the Madison County Board and its predecessor, the Madison County Board of Supervisors, for more than 30 years.

He has been chairman of the 29-member board since it was created May 1, 1972, after heading the previous 49-member board following the death in 1971 of Chairman Harold Landolt.

Nellie Hagnauer

A NATIVE and lifelong resident of Granite City, Hagnauer became Madison County Democratic chairman in the mid-70s after Appellate Clerk Walter Simmons gave up the party leadership. Hagnauer voluntarily stepped down as party leader in 1978, when Madison Alderman Christ Costoff was elected to the party post.

Hagnauer has been supervisor of Granite City Township since 1961 and prior to that was an assistant supervisor for six years.

A 1974 GRADUATE of the U.S. Air Force Academy in Colorado Springs, Colo., he is on a three-year overseas tour in Panama, stationed with the 310th Military Airlift Squadron at Howard Air Force Base.

He was assigned to Panama in September 1984. With him are his wife, the former Lauren Lazich, and their son, Jason, two years old. His previous assignment was at Charleston Air Force Base, S.C., flying C-141 cargo aircraft.

He holds a master's degree from Central Michigan University and has completed the Air Command

and Staff School, an Air Force professional school.

He piloted a Lockheed C-141 Starlifter, and his nine-member crew was the first medical team to bring patients out of Grenada.

Schocker is one of four pilots chosen from throughout the Military Airlift Command to fly the C-22A (Boeing 727), the only one in the Air Force.

THE GRANITE CITIAN flies extensively throughout South America and Central America.

He is one of the primary pilots who

HOLIDAY BABY. Lisa and Deron Hrbek of Granite City with their first-born child, a boy, dressed in a Christmas stocking created and presented by the Granite City Junior Service Club. The new arrival has been named Christopher and was born at St. Elizabeth Medical Center on Dec. 21.

Jr. Service dresses infant

While most people found nuts and fruit in the toes of their stockings this Christmas, Deron and Lisa Hrbek of Granite City had a long-awaited Christmas gift in theirs — their newborn son, Christopher, born at St. Elizabeth Medical Center and sent home in a Christmas stocking handmade by the Granite City Junior Service Club.

Continuing a holiday tradition which is more than 25 years old, Junior Service provides body stockings for all newborns delivered at St. Elizabeth throughout the holiday season.

The Hrbeks, whose first child was born Dec. 21, said this is a hectic time of year to have a baby, "but we're glad we made it before Christmas." The pre-holiday addition to their family also meant a change in their Christmas plans.

This year the new parents will be hosting holiday festivities at their own home instead of visiting their parents, Bill and Carolyn Ezell of Granite City and Art and Audrey Hrbek of Edwardsville.

"The tree is up and the packages are wrapped," said Mrs. Hrbek just before Christmas. "The families are excited about the new boy."

One "bundle" the Hrbeks didn't have to wrap was Christopher, thanks to Junior Service. The felt stockings, featuring Santa and a sequined "Ho Ho," are made by former Junior Service member Bette Jo Kozer. Previously, the

organization's membership shared in the holiday task.

It is but another way that Junior Service provides for its Granite City neighbors, according to club president Donna Polivick and member Joyce Hellrich, who presented this year's first stocking to the Hrbeks at SEMC.

The major year-long work of the social and charitable organization is to provide eyeglasses for students in need of them in the Granite City schools, as well as meet individual needs of area families who petition the group for assistance.

"We keep all of our charitable work in Granite City," said Polivick. The club's 30 members are residents of Granite City and the immediate surrounding area.

Most of the money used for its year-long projects comes from the club's Breakfast with Santa, held annually at the Granite City Township Hall, and one other fundraiser. The group also furnishes Thanksgiving and Christmas baskets for the area's needy.

"Even if we can give just a little bit," Hellrich said, "it helps." But she noted that the group's limited resources mean that often those in need must be referred to other charitable agencies.

Junior Service's "Stocking Stuffing" project with St. Elizabeth Medical Center is said to be popular with the yuletide parents — almost as popular as the newborns themselves.

Norma Mendoza selected as a Congressional intern

Norma J. Mendoza of Granite City has been selected to go to the nation's capital on Feb. 1, 1986, to work in a Congressional office, as part of the Sears Congressional Internship Program for Journalism Students.

A journalism student at Southern Illinois University at Edwardsville, she will receive a \$2,450 stipend to cover living expenses, plus a travel allowance based on the distance from her college campus to Washington. Sears, Roebuck & Co. bears the cost of the program as a part of its commitment to higher education.

Sears co-sponsors this national program with the Association of Schools of Journalism and Mass Communications. The program offers a three-month internship to full-time undergraduate students of 87 accredited journalism or communications programs.

Applications are evaluated by a panel of journalists, academicians and former interns and are judged on academic performance, writing ability, and interest in legislative reporting. The interns are matched with a Congressional office.

Nearly 180 offices submit requests for a Sears intern each year. The students' party preference, shared fields of interest, and backgrounds are considered in this procedure.

Sears' Corporate Governmental Affairs office, headquartered in Washington, helps the students prepare for their Capitol Hill experience by sending monthly letters

containing reading materials and other information. Sears encourages the interns to thoroughly research the member in whose office they will be working prior to their arrival. On-campus faculty advisers are identified and sent information on the program to help counsel students on the possibility of obtaining academic credit.

Arriving in Washington, the interns are given a week-long orientation before reporting to the Congressional office. They also participate in an academic enrichment seminar series conducted by Louis M. Kohlmeier, a Pulitzer Prize-winning Washington correspondent while working with The Wall Street Journal.

The seminars include visits with Jack Anderson of the Washington Post, Eric Sevareid of CBS, and participation in news briefings at the White House, Supreme Court and State Department.

Since 1969, Sears has placed 340 interns (172 females and 168 males); 60 served on the staffs of senators and 280 on the staffs of members of the House of Representatives. Sears encourages all students who meet eligibility requirements, regardless of race or ethnic group, to apply.

Two-thirds for the former interns are now pursuing careers in journalism, 16 percent are lawyers, 12 percent are in the public relations field, and 6 percent have remained on Capitol Hill in Congressional offices.

Labor to help finish field

The Quad-Cities Soccer Association has announced an agreement with labor union locals to help finish construction of the soccer complex located behind Prather Grade School in West Granite City.

Plans call for work to begin after the first of the year, with the first phase to be completed by April 1. Survey work has already begun to enable the locals to proceed, weather permitting.

The first phase will be installation of a fence surrounding the complex, two parking areas, erection of a new 24-foot-square equipment storage building and an addition, and remodeling of the present block

structure now used for a concession area.

Backing by the labor locals and donations from several local businesses will enable the 1,900-member youth soccer organization to play all its games at this location. The association plans to host local, regional, state and national tournaments throughout the year.

When completed, the complex will consist of playing fields, a concession and meeting area, an equipment storage facility, parking areas and several kickboards.

"Anyone wishing to donate funds, materials or labor to the association may call the soccer information center at 877-1282, a spokesman said.

It's what you do that counts, not how old you are when you get to do it

One of Granite City's favorite senior citizens, Ivan Harrison, saw something in the Wall Street Journal the other day he thought should be shared. We agreed and here it is: Ted Williams, at age 42, slammed a home run in his last official time at bat.

Mickey Mantle, age 20, hit 23 home runs his first full year in the major leagues.

Golda Meir was 71 when she became prime minister of Israel.

William Pitt II was 24 when he

became prime minister of Great Britain.

George Bernard Shaw was 94 when one of his plays was first produced.

Mozart was just seven when his

first composition was published.

Now, how about this?

Benjamin Franklin was a newspaper columnist at 14, and a signer of The United States Constitution when he was 81.

You're never too young or too old if you've got talent.

Let's recognize that age has little to do with ability.

United Technologies Corp. advertised the message and advises that if

an 8 1/2 x 11-inch poster of the message is wanted, it can be obtained by writing: Harry J. Gray, chairman and chief executive officer, United Technologies, Box 360, Hartford, CT 06141.

Mrs. Lampe is honored

An engraved plaque and corsage were presented to Augusta Lampe, retiring president of the Anchorage Senior Citizens, at the group's annual Christmas dinner party Dec. 28.

She served as club president for the past five years. She will be succeeded in office by Vera Lynn in 1986.

Other gifts presented at the event were donated by 1st Ward Alderman Casmer Skubish, Irwin Chapel for Funerals, and Central Bank of Granite City.

Seventy-three members and guests attended the dinner, catered by Petr's Restaurant. Entertainment was provided by Art Bertacchi and the Swingsters.

Boy, 11, awarded \$109,000

An 11-year-old boy formerly of Granite City was awarded \$109,000 in a court case stemming from misuse of his trust fund by his mother and stepfather.

The \$44,000 fund was established by a workman's compensation claim after the boy's father died in a work-related accident. The father, Terry Lynn Fife, died in 1977.

The award was entered last month by Associate Circuit Judge Clayton R. Williams after a non-jury trial in Bond County. Misuse of the fund was discovered during the divorce of the boy's mother, Regina Fife Smithson.

Edwardsville attorney Gary Peel was appointed the boy's legal guardian and argued the case for him.

The award is against Regina Smithson, her ex-husband, Danny Smithson, and Hillsboro National Bank. Bank officials pressured the couple to use the trust fund to pay debts to the bank, the court found.

The debts arose from a failing hog farm the couple started in Schram City, near Hillsboro. The couple owed the bank between \$90,000 and \$100,000 when the funds were withdrawn, Williams said.

The award includes compensation for principal and interest, \$20,000 in

punitive damages and \$3,000 in guardian fees. Williams also entered an \$86,000 judgment against the Smithsons in favor of the bank.

Regina Smithson obtained a court order to transfer the trust fund from Granite City to Hillsboro National Bank. The bank allowed her to withdraw the money, though the account stipulated that a court order was necessary for withdrawals, Williams found.

The trust fund was depleted March 13, 1980, when a bank teller permitted transfer of remaining funds to the hog farm account, Williams said.

"Certain officers of the Hillsboro National Bank, including the agricultural loan officer, Tom Justison, pressured Regina Smithson and Danny Smithson to utilize Christopher Fife's funds to reduce their own personal debt to the bank," Williams said.

Misuse of the fund shows disregard for the welfare of "a child whose tender age prevents him from protecting his own financial interests," Williams said.

Peel said the boy lives with his mother near Hillsboro. Danny Smithson lives in Missouri, he said.

TWO JUVENILES ARRESTED

Two Granite City juvenile girls were arrested Dec. 29 in the 1600 block of State Street after an auto was seen swerving in the 1400 block of State, Madison. The driver was arrested for having no driver's license or permit, and her mother posted \$102 bail. The other girl was charged with permitting an unauthorized person to drive, and posted her driving license as bond. Her parents posted \$32 bail on a charge of transporting beer.

THREE CANNABIS CHARGES

Three men were charged with possession of cannabis after their pickup truck allegedly passed a stop sign at Third Street and Washington Avenue, Madison, Dec. 27. After police stopped the truck, they alleged finding two bags of cannabis in the vehicle. Those charged were Gerald Smith, 18, of 2130 Delmar Ave., Calvin Walker, 21, of 1346 19th St., and Terry McEntyre, 18, of 1229 Grand Ave., Madison. Smith also was charged with disobeying a stop sign.

STEREO, TAPES TAKEN

Raymond Kidwell, 2011 Illinois Ave., said Dec. 30 someone entered his locked van and took a stereo and eight tapes. The van was parked at his home.

CANNABIS CHARGE FILED

Timothy P. Cox, 19, of 2124 Dewey Ave., was arrested Dec. 30 and charged with possession of cannabis. Police alleged finding a plastic bag containing cannabis in the waistband of his pants. He was arrested at W. 21st Street and Ohio Avenue.

\$1,021 IN CASH TAKEN

Dennis Ogg, a worker at Swiss Farms Deli, 3661 Nameoki Road, reported Dec. 30 someone removed \$1,021 from a bank bag in his car, parked in a lot at 3675 Nameoki Road.

Plea to possession results in probation

A guilty plea to unlawful possession of a controlled substance has resulted in 2½ years probation, 19 days in jail and \$95 in court costs for Jeffrey D. Richmond, 27, of 2224A Benton St. Richmond was sentenced Dec. 9.

He was charged Sept. 10 after an investigation by Granite City police. It was alleged he called a Granite City pharmacy, posing as a doctor, and prescribed medication for himself.

TRUCK BURGLARY STOPPED WHEN SON SEES BURGLAR

A burglary from a pickup truck owned by Jim Rathmann was stopped when his son discovered the burglar in the truck. The son went out to the truck, which was parked in front of the Madison Aluminum Foundry, 18th Street and Madison Avenue, and discovered a man going through the glovebox of the vehicle.

The man fled, running west on 18th and then south on Cleveland Boulevard. He was between 35 and 40 years of age and 5-7 in height; his clothing included a red ball cap and a brown corduroy winter jacket.

Probation, jail ordered

Gary Caldwell, 33, of 3893 Lake St., Lot 4, Pontoon Beach, pleaded guilty Sept. 25 to a charge of aggravated criminal sexual abuse. Madison County Circuit Judge P.J. O'Neill sentenced Caldwell Dec. 11 to four years probation with the first year intensive supervisory, six months in jail and 130 hours of public service work, and ordered him to pay \$95 in court costs.

Caldwell was charged May 17 after an investigation by the Madison County Sheriff's Department.

Victim fights off strongarmed robbers

Michael L. Orasco Sr. of Granite City was struck on the head in a strongarm robbery attempt after he parked his auto on Parkview Drive next to the Parkside Food Shop, 3302 Maryville Road, at 6 p.m. Dec. 27.

Two men came up behind him and one man struck him on the head with an object. When the blow knocked him to his knees, the second man tried to get some keys, attached to his belt.

Orasco grabbed the robber, with the man dropping down on his knees before breaking away. Both men then ran north across a field toward the Worthen Park ball diamond.

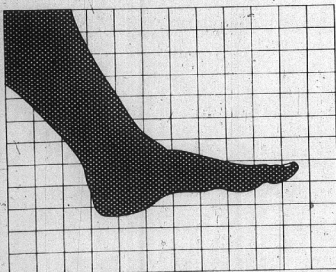

Officers searched the area but were unable to locate the robbers. Although he sustained a bump on the head, Orasco declined immediate medical treatment.

One of the robbers was thin, about 5 feet, 9 inches tall, and had dark hair over the ears. He was wearing a jean jacket. The second man was stockily built, weighed about 170 or 180 pounds and was between 5 feet, 8 inches and 6 feet. He was wearing a Navy-style peacoat and also had dark hair extending over the ears.

Both men were in their 20s. Police are continuing to investigate.

DAV Chapter 53 discusses disability compensation

The Gramm-Rudman-Hollings balanced budget law is unfair treatment for veterans with service-connected disabilities, Robert "Bob" Kennerly, commander of Disabled American Veterans Chapter 53, told members at the December meeting of the DAV.

"It's unfair because it freezes veterans' disability compensation and related benefits but exempts Social Security recipients from the freeze. All benefit programs must be treated equally," he said.

"Disabled veterans believe we must balance the budget and we are willing to do our share to accomplish this. But we also believe spending cuts must be shared by all segments of federal spending programs."

Andy Gitchoff reported that the 40th NEH (National Employ the Handicapped) banquet held Nov. 29 at the Martiniere Restaurant near Chicago was well attended. The North Chicago Refiners and Smelters and Liquid Controls Corp.

each received employer awards. DAV National Commander Al Linder delivered the keynote address and presented the awards.

Joe Hefferty said the local membership was 443 on Nov. 30 and the chapter needs 15 more members to meet its goal of 458 by June 30, 1986.

Alton Markell has been released from the hospital, Paul Cooper reported.

Donations were approved for the Blind Veterans of America, the Salvation Army, and the St. Elizabeth Medical Center Meals on Wheels program.

Nominated for chapter officers for 1986 were: Robert Kennerly, commander; Lawrence McGuire, senior vice commander; Harold Menzel, junior vice commander; Larry Lockhart, treasurer; and David Murphy, chaplain.

Lunch was prepared and served by Ed Robert and Joe Grobelnik.

Granite City BPW hosts yule party

Eight new members were inducted in a ceremony by Rose Stern, membership chairman. They were Zena Voss, Sandra Ashcraft, Lucille Berry, Billie Bosworth, Carol Buehler, Kathleen Clark, Jane Isenberg and Louise Smith.

A REMINDER FROM THE LAW TODAY

Last year, the Virginia state medical board forced an obstetrician to give up his license after an investigation showed gross negligence and incompetence for two decades. In one instance, this doctor induced labor two weeks early, because he wanted to go on vacation, then smashed the baby's head when he tried to pull it from the womb with forceps. As a result, the child was seriously deformed.

While this doctor's performance history may be unusually bad, the case illustrates the need for a more effective disciplinary system in the medical profession. The work of an incompetent doctor can bring about tragic results. In the absence of a strong disciplinary system for doctors, the only protection the public has lies in its right to bring suit against those doctors whose negligence has injured them. Now, because of intense pressure from medical lobbyists, the right to sue and recover damages against doctors has been limited in many states. In those states, which include Illinois, it may well become almost impossible to know if the doctor you have chosen is competent, or to recover damages for the injuries caused to you if he is not.

We will be discussing this and other topics on Tuesday night's program.

DUIs decline

(Continued from Page 1)

Jung said the low amount of DUI arrests was consistent with the number of arrests made at other roadblocks during the holiday season.

In the first five roadblocks conducted by the State Police, the total of DUI arrests was only four. Other arrests included nine alcohol-related charges, 48 other arrests and two criminal charges.

Jung added that 275 warnings were issued to motorists.

ANOTHER FACTOR that helped reduce the number of motorists who were drinking was the publicity on the new DUI law in Illinois.

Less than a minute later Gray battled for his own rebound and scored a three-point play after being fouled. That made the score 72-62.

And, they did it with running and outside shooting. In the end, Collinsville just couldn't keep up.

"Anytime the game is played with a fast tempo like it was, they are going to be successful and we won't be," Bone said. "We can't play like that. We can't run up and down the floor."

Granite City led 47-32 on a basket by Jamie Hogan. Collinsville trimmed the lead to 11 (47-36) by halftime. The Warriors continued to run in the third quarter, outscoring Collinsville 8-0 in one stretch and expanding its lead to 57-44. Granite City led 61-50 after three quarters.

"We didn't stop anybody," Bone lamented. "When that happens you have big problems."

Granite City also had its problems on defense. The 68 points was the fourth-highest total given up by the Warriors this season.

Bob Range led the Collinsville offense pouring in game-high 26 points, many of them coming from underneath.

"We really let Range do what he wanted to do in there," said Deterding.

In all, four Kahoks were in double figures, Barberis, Conway and Jon Sherry each had 10 points.

The second quarter was by far the best for Granite City in terms of offense. The Warriors outscored Collinsville 28-22. It was the play in that eight minutes that provided the momentum for the victory.

In the second half Collinsville outscored the Warriors 32-31.

"We tried to make some passes that we shouldn't have," Deterding said.

The bad passes resulted in turnovers. Granite City had four in the final quarter and a total of 10 for the game. Collinsville committed 11 turnovers.

Reflections on '85, resolutions

By LARRY BULUS

Year's end is a time when many people reflect on the past year and make flimsy resolutions for the coming year. Outdoors people are no exception and I look back on outdoors 1985 as a very pleasant year.

Bagging my first wild turkey last spring was quite likely the biggest thrill of the year for me. What made it all the more exciting was that the gobbler was in plain view but out of range for a full 45 minutes before it came within range of the 10-gauge magnum I was holding in shaking hands.

Waterfowl season is always a special time for me, especially at my "second home," our old clubhouse at Horseshoe Lake in Olive Branch, Ill. Of the 31-days of the goose season, I spent more than half of them in my goose pit. We had excellent hunting, with lots of decoying honkers and superb shooting opportunities. But it isn't just the excellent hunting that makes for a good season.

I mean to take nothing away from any of the other fine companions with whom I've shared duck blinds and goose pits over the years, but my greatest joy is sharing a day with my son. Although neither of us ever loses sight of the father-son relationship between us, we hunt together pretty much as buddies, knowing each other so well it isn't necessary to keep

spelling things out. When a gaggle of geese approaches we each shoot at birds on our side, rather than doubling on the same bird, even if it's the easiest one to hit. And when a cripple goes down in the field, more often than not he will pursue it in deference to his being less than half my age. Having reached the double-diddle age, I appreciate having someone take over the cripple chasing that I did for many years.

Maurice knows there's a lot more to a hunting trip than just the fun. At the Goose Club there's always work to be done and he does it cheerfully. Putting out our massive spread of 500 goose decoys before the season and taking them up afterwards is nothing short of back-breaking work but it's necessary if we're to enjoy the kind of shooting we do. And keeping the pit cleaned up and brushed over is a twice a week job, for not there, or after we've filled limits, and they're not so careful to keep things in shape.

Every morning that we hunt, we go out well before shooting time. I am a stickler for details and want everything to be as "right" as possible. While I make two or three rounds through the decoy spread, straightening a head or body here, rearranging a few decoys there, Maurice picks up litter and shotgun balls around the pit and rearranges the cornstalk cov-

Outdoors

ering so we are well hidden from the sharp eyesight of wild geese.

Several mornings we filled limits in an hour or less, but perhaps our most enjoyable hunt was one day in late November when we had to "sweat out" the last two geese. I bagged two high-fliers with the Ithaca Mag 10 early that morning, but after that few geese left the refuge. As the morning wore on with no chances for Maurice to get some shooting, it looked like it might be one of those days when we'd stay in the pit until the 3 p.m. quitting time.

About 11:30 I walked to the clubhouse to bring out some lunch and hot tea. We'd scarcely finished eating when Maurice said, "Get down, Pop, here comes a single over the trees!"

That goose made several passes around the field, never coming close enough for any pit to put it in a shot. All the while I worked on him with the goose call and he finally locked his wings and began that slanting, toboggan slide towards our decoys. I kept clicking the goose call, giving vocal encouragement, and when the honker coasted in to 30-yards, Maurice rose and folded it with a brace side shot. An hour and a half later I used the wooden goose call to cluck in another low-flying cus-

tomar and this one drifted in five feet above the decoys, giving Maurice a classic decoying shot.

Keep my resolutions for the past few years (and which I've never kept) is to give up hiking back in the bonedocks in hot weather to fish off-the-beaten-path farm ponds. Most farm ponds are near a road or within a few hundred yards of one, but they're also the ones fished to death. The best ones, necessitating a hike of a half mile to a mile or more, don't see many fishermen.

And when the weather gets hot you can bet no one is going to clomp back to one of those hidden ponds in chest waders, slide around in the gooey mud while fighting heavy beds of moss, then hike back out that evening, perhaps in full dark. No one, but I, except me, for I've done it many times.

It's work—muscle-sagging, bone-wearying work—and there have been times when I found it difficult to lift one foot to put it in front of the other on the hike out. I kept threatening to quit and fish closer to the car like sensible people but then I think of the great bass action I have back in the bonnies and before long another will-o-the-wisp resolution is shot down. It's true that there's a lot more to fishing than catching fish, but as the old duffer says, "Fishin' is fun but catchin's even better."
